Public Works Committee
Minutes from September 16, 2026
Village Hall, 130 N. Harrison
North Prairie, WI. 53153

Call to Order: 5:04pm

Notice that a quorum of Village Board Trustees are present. Announcement was read, as required, of possible closed session.

Roll Call: Trustees Donna Samuels, Andy Harmann, Dave Schroeder, and Carol Schroeder-citizen

Minutes from August 19, 2026 were approved with Dave making motion. Andy seconded. No further discussion. Motion carried.

1. All asphalt projects are complete. Still may be waiting on final invoice from Lynch Engineering. No action taken.
2. Reviewed 3 proposals for tractors. One from Parker Power-Kioti, two from Swiderski-New Holland and Massey Furgeson. Dave provided specifics with all tractors regarding HP, lift capabilities, 3rd function, etc. Tractors were fairly similar with the exception of the warranty. Swiderski warranty for New Holland provided a longer warranty period. We could extend the warranty from 6 years to 10 years for an additional \$1175.00. Committee felt we would not benefit from this as the hourly amount with the warranty, from 6 to 10, does not increase. This was the deciding factor for Trustees in choosing the tractor. Motion was made by Donna to accept the Swiderski proposal for the New Holland tractor for the 6 year warranty in the amount of \$48,600 with recommendation to the Village Board.
3. There were some updated items related to the budget provided by the Finance Committee. Specifically, funds noted regarding the Road X shared project with the Towns of Mukwonago and Geneseo. No action taken.
4. The pavilion at Prairie Village Park is well past needing to be stained. Rick indicated he felt he could complete the project if he could have Chad's help. Was discussed at committee and it was determined Rick could make the decision if he has the time to complete the project. No action taken.
5. Dave presented a letter requesting the State to perform a study/review to reduce the speed limit on Highway 59 as it runs through the Village with curbs from 35 mph to 25 mph. The Village has no authority but does have the ability to request this change. When the road project on Hwy 59 was completed this year asphalt went all the way to the curb which reduced the curb height from about 6" down to 2"-3" in some areas making it much easier for vehicles to jump the curb onto private property with residential homes. Andy made motion to recommend to the Board reducing the speed limit on Highway 59, as noted in the letter to send to the State, from 35 mph to 25 mph. Dave seconded the motion. No further discussion. Motion carried.
6. Donna made motion to go into closed session. Andy seconded motion. Roll call vote: Andy-yes, Dave-yes, Donna-yes.
7. Back into closed session. No items brought forward.
8. Dave made motion to adjourn. Andy seconded motion. No further discussion. Motion carried.

Respectfully submitted,
Donna Samuels
Public Works Committee Chair
