

2024 | 2nd Annual

Native Plant SALE

Native plants benefit us by:

- **Saving** time, money, water...
- **Helping** protect our valuable topsoil...
- **Adapting** and **surviving** in a wide range of conditions...
- **Serving** as essential wildlife hosts, habitat, food sources...

... **Just ask us how!**

May 9-12 • 9-4
Eagle, WI
Community Rummage Sale
White gazebo in the center of town
(intersection of Hwys 67/59/NN)

ONLY
\$4 EACH

Join us for a class
During the sale, volunteer Dawn-Marie Staccia will hold a short, in-person class on the basics of starting a pollinator garden and selecting plants.
Thursday & Friday • May 9 & 10 • 11:00 AM

Thanks for helping us support our mission:

“To support monarch butterflies and other beneficial pollinators and insects through the creation, restoration and maintenance of native gardens and prairies on public lands in the community, and provide education to others to establish and sustain their own native gardens and prairies.”

Our 2023 customers installed over 6,735 sq. ft. of native plants!
